RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This paper is responsive to the restriction requirement mailed October 19, 2004.

Applicants appreciate that the Examiner took time to discuss the restriction requirement with Applicants' representative via telephone on November 18, 2004. During the telephone call, Applicants' representative discussed how the Group I and Group II claims are not related as subcombinations usable together in a single combination. For example, referring to Figure 3, a product device (such as a vending device 301) may take control of a wireless mobile device 309 via a wireless transmission. This idea is reflected in, e.g., both claim 1 of Group I and claim 16 of Group II. As a result of the discussion, the Examiner indicated that she would likely withdraw the current restriction requirement, since the claims are not related as set forth in the restriction requirement.

Nonetheless, to avoid being held non-responsive to the restriction requirement, Applicants hereby elect, with traverse for the reasons above, the invention of Group I (i.e., claims 1-15 and 29-38). It is noted that the restriction requirement refers to Group I as claims 1-15 and 29-33, however Applicants interpret this as a typographical error, and that the Examiner

intended to refer to claim 38. Also, Applicants do not waive the right to pursue the invention of Group II in a divisional application.

Should the Examiner have any questions regarding this matter, she is encouraged to contact the undersigned at the number listed below. It is believed that no fees are associated with the filing of this paper. Nevertheless, should any fees be required, please charge such fees to our Deposit Account No. 19-0733.

Respectfully submitted,

BANNER & WITCOFF, LTD.
